

**ATTENTION
ST. CHARLES MESA WATER DISTRICT
CUSTOMERS
EFFECTIVE JANUARY 1, 2016**

Fire hydrant Water Rates

The proposed water rate for use of water from fire hydrants is listed below

\$62.50 Minimum
\$5.25 - first 20,000 Gallons
\$2.98 - Over 20,000 Gallons

The cost for 50,000 galls of water will be \$256.90 which is a \$31.80 increase. The increase is needed to repair and replace damaged fire hydrants.

The fire hydrant meter rental rate will increase in 2016 to \$1,500.00. This is due to the cost of replacement of the fire hydrant meter and related equipment. Checks that are made out to the District will be deposited and remaining funds from the water usage will be returned to the customer.
